To: Parents/Carers of Students in Years 7 and 8

Dear Parents/Carers

I can't quite believe that we are half way through this academic year already. They do say that time flies by when you are having fun and we can relate to that at Stockland Green School. Our young people are full of energy and enthusiasm and are an absolute pleasure to spend time with.

We are a school with the highest aspirations for our young people and the wider community. We therefore continually review all aspects of provision to ensure we really are offering the very best opportunities for the students; opportunities within and outside the classroom that will not only help them to achieve academically, but help them to develop into fine young adults who will make a positive contribution to the world around them. Young adults who demonstrate our PRIDE characteristics (Perseverance, Resilience, Independence, Determination and Empathy) as these qualities will stand them in good stead for whatever they do in life, both professionally and personally.

The curriculum is the foundation of our provision and opportunities. Any school curriculum should be rich in knowledge across a broad range of subjects. I ask teachers to teach your children the very best that their subject has to offer, so that students are enriched with a wealth of information that develops their understanding of the world around them. Our Key Stage 3 curriculum really is exciting and has been planned to enthuse and engage students to love learning, whilst teaching them to how to retain acquired knowledge.

With this in mind we have taken the decision to extend Key Stage 3 into Year 9 so that students will now make their GCSE option choices during the Spring Term of Year 9 to start in Year 10. This will allow students to continue to experience a rich, broad and balanced curriculum where they will further develop their knowledge and understanding of these subjects. This will also support students in making informed Key Stage 4 option choices as they will have spent more time in these option areas.

Thank you for your continued support.

Yours faithfully

M. George
